

Let the Magic Begin...

UNICORN DREAM SESSIONS

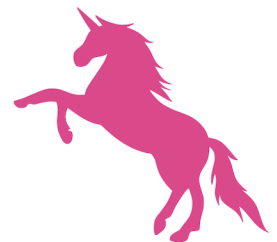

JUNE 8 2024

at

TAYLOR MOUNTAIN RANCH IN MAPLE VALLEY

This exclusive experience is being offered for one day only and ensures that your child leaves with unforgettable memories, each image telling a touching story that speaks profoundly and eloquently to the heart.

The session fee is **\$449.**

WHAT TO EXPECT

After you book and choose your time slot we will schedule a pre-session consultation, usually by phone, where we will discuss exactly what you want from your child's session. We will discuss wardrobe, how to prepare your child how to behave around the unicorn, any specific details about your session, and any questions you may have.

GETTING READY

When you arrive you will be brought to a special changing room in the venue where your child can get changed into her unicorn photo dress. From my selection of dresses, I'll have picked out one or 2 in her size to choose from or feel free to bring your own. Wardrobe is important for these sessions! Pastel and lighter colors are preferred, pink, baby blues, silvers, whites, lilacs, etc. Anything dark tends to overwhelm instead of being a compliment in the images.

There will be a selection of flower crowns, tiaras, flower hair clips, and wings for your child to wear and we will have a preheated curling iron, bobby pins, and hairclips should you need them. There will be an assistant available should you need an extra pair of hands.

THE SESSION

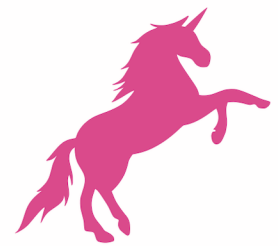

Once your little one is changed, get ready for a magical adventure in our barn with our unicorn model! Your child can cuddle up to the unicorn, shower it with affection, and even give him a kiss on his soft muzzle. Our unicorn whisperer will be on standby to ensure smooth sailing, with a sneaky lead rope that will vanish into thin air in the final photos - unless your child decides to take the reins! Your Unicorn Dream Session will take place a specially created a magical set in our barn, this is to shield us from Washington's changeable June weather.

***Note: children will not be able to ride our Unicorn and an experienced handler will always be with your child and Unicorn.**

AFTER YOUR SESSION

Two weeks after our session, we will arrange a Zoom screen-sharing call where you will have the opportunity to see your images for the first time. During this meeting, we will review your images and you can select the ones you would like to have as prints, wall art, or digitals.

I offer a variety of products to showcase your photographs, including high-quality mounted prints, stunning wall art pieces, and beautiful photo albums. If you need help selecting the right images and sizes for your home, I am happy to assist you. Please note that digital images are available for purchase separately. Prices for all products are determined based on factors such as size, quantity, and finish, ensuring that everything will meet your expectations.

Prints start at \$75, while wall art prices begin at \$399. Albums and Image Boxes start at \$979. If you're interested in Fine Art prints and wall art, gallery fine art prints begin at \$249, and wall art prices start at \$1200.
